#### **DETAILED ACTION**

Claims 1-4, 6-10, and 12-21 are pending and under consideration.

#### ***Claim Rejections - 35 USC § 112,***

Claims 1-3, 6-9, and 12-21 **are rejected** under 35 U.S.C. 112, first paragraph, because the specification, while being enabling for combination of a reshaped human PM-1 antibody and melphalan, does not reasonably provide enablement for any other combination. The specification does not enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to use the invention commensurate in scope with these claims.

Applicants argue that the specification is also enabling for a combination of melphalan and any antibody having the same activity/same mechanism of action as reshaped PM-1 antibody. This argument has been fully considered but found unpersuasive because the specification teaches that the synergistic effect for myeloma treatment occurs when a reshaped human PM-1 antibody and melphalan are used together. This rejection would be obviated if the scope of the antibody being used in the claims is limited to the antibody that binds to "the same epitope of an IL-6 receptor as PM-1 antibody binds to" as in the case of US Pat. 7566453/US 20020131967 (10/098,874).

The new matter rejection of record under 35 U.S.C. 112, first paragraph, is **withdrawn** in view of the amendment to the claims.

***Double Patenting***

Claims 1-4, 6-10, 12-21 are rejected on the ground of nonstatutory obviousness-type double patenting as being unpatentable over claims 1-3, 7-9, and 13-16 (now claims 1-10) of copending Application No. 10/098,874 (now US Pat. 7566453). Applicant has not filed effective TD.

***Allowable Subject Matter***

Claims 4 and 10 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
